IRAN RIG REPORT

Sample

This report is based on information that PetroView believes is reliable. However, PetroView does not represent or warrant its accuracy, completeness, or any other aspect of this information. The viewpoints and opinions expressed in this report, represent the insight of PetroView as of the date of the report. These viewpoints and opinions may be subject to change without notice.

About Iran Rig Report (IRR)

- Get a timely and comprehensive overview of the Iranian land/offshore rig activity and regional upstream sector.
- Focusing on Iran upstream industry, Iran Rig Report provides you with the latest data about the details of the current drilling operation which you need to evolve your strategy and make decisions.
- It is a quarterly report which contains the active drillers, highlights the key trends of Iran's drilling industry, and explores the best opportunities.
- IRR includes the active offshore and land drilling rigs, the detailed operators' profile, insights into the most recent drilling data, contract types, well types, drilling zone operation, and regions.

Scope of Work

Scope of Work

1. Perspectives

- Utilization (Land)
- Utilization (Offshore)

2. Rigs Update

- Overview
- Regions by Zone
- Client's Market Share (Land)
- Client's Market Share Trends (Land)
- Client's Market Share (Offshore)
- Client's Market Share Trends (Offshore)
- Developers Market Share (Land)
- Developers Market Share (Offshore)
- Regions by Developers
- Managers (Land)
- Managers (Offshore)
- Regions by Managers
- Developers Market Share Vs. Drilling Managers
- Contractors (Land)
- Contractors (Offshore)
- Regions by Contractors
- Managers Market Share Vs. Drilling Contractors
- Developer Market Share Vs. Drilling Contractors
- Activity Types
- Regions by Drilling Activity
- Contracts Types
- Regions by Contract Models

3. Iran Active Offshore Rigs Profile

- Offshore Rigs Statuses
- Jackup Specification

Scope of Work

4. Iran Active Land Rig Profiles

- Rig Specification
 - Hoisting System
 - Mud System
 - BOP System
 - Mast and Substructure
 - Standard Type and Power System
 - Manufactures
- Rig Activity (Offshore)
- Clients Market Share
- Drilling Duration

5. Clients Profile

- Clients Market Share
- NISOC
- PEDEC
- NIOCEXP

- IOOC
- POGC
- Clients Market Share Vs. Developers
- Clients Market Share Vs. Drilling Managers
- Clients Market Share Vs. Drilling Contractors

6. Global Offshore View

- Global Offshore Rigs by Category
- Rigs Status by Type
- Competitive Utilization
- Jackups Utilization Rate by Region
- Floater Utilization Rate by Region
- Current Estimated Fixture Day Rates

Methodology

Methodology

- PetroView undertakes a quarterly survey of rig market to collect active drilling rigs. The information in the “Iran Rig Report” is collected in the form of detailed drilling rigs program based on current location and type of contracts at the end of the quarter.
- PetroView has refined how we quantify current and historic market data by public and rig providers companies.
- PetroView conducts more than 20 discussions with rig providers, competitors and customers.
- PetroView is actively engaged in developing plans of country to track best insights.

Reviewed Companies

- NIOC: National Iranian Oil Company
- NISOC: National Iranian South Oil Company
- ICOFC: Iranian Central Oil Fields Company
- PEDEC: Petroleum Engineering and Development Company
- NIOCEXP: National Iranian Oil Company Exploration Directorate
- ISTI: Vice President of Science and Technology
- IOOC: Iranian Offshore Oil Company
- POGC: Pars Oil and Gas Company
- NIDC: National Iranian Drilling Company
- NDCO: North Drilling Company
- OIEC: Oil Industries Engineering and Construction
- OEOC: Oil Exploration Operation Company
- OEID: Oil and Energy Industries Development
- PEDEX: Pars Energy Gostar Drilling and Exploration Company
- TDDC: Tadbir Drilling Development Company
- DDC: Dana Drilling Company
- GPTK: Global Petrotech Kish
- NK: Naftkav Kish
- PTS: Petro Technical Services
- POA: Petro Omid Asia
- PGFK: Petro Gohar Farasahel Kish
- DCI: International Drilling Company
- POKC: Petro Orim Kish Company
- OKDC : Ostovan Kish Drilling Company
- PTP: PetroTadbir Pars
- PPARS: Petro Pars
- PEDCO: Petroiran Development Company
- PSIK: Petro State Iranian Kish
- PECO: Pezhvak Energy Co.
- POGDC: Persia Oil & Gas Industry Development Co.
- DEC; Dana Energy Co.
- IOID: Iran Ofogh Industrial Development
- KKC: Karian Kish Co.
- ZNV: ZN Vostok Ltd

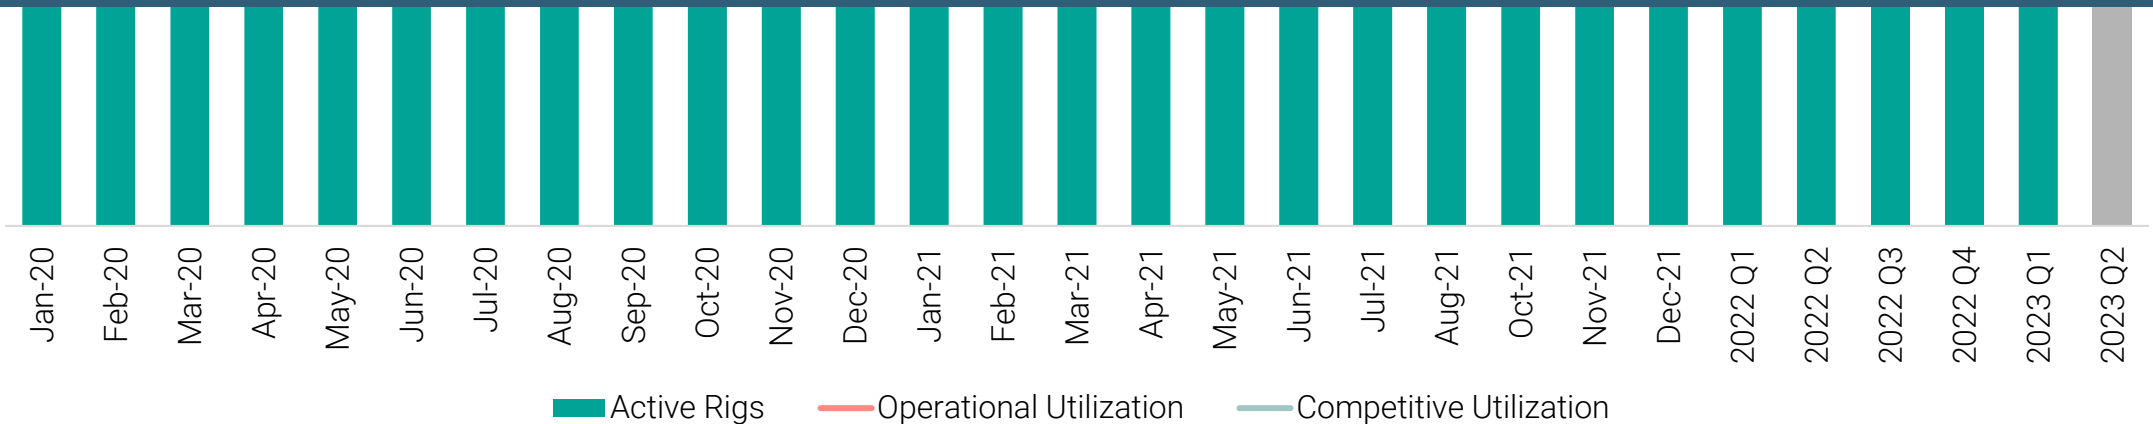

Perspectives

Market Update, Utilization Rates

Utilization (Land)

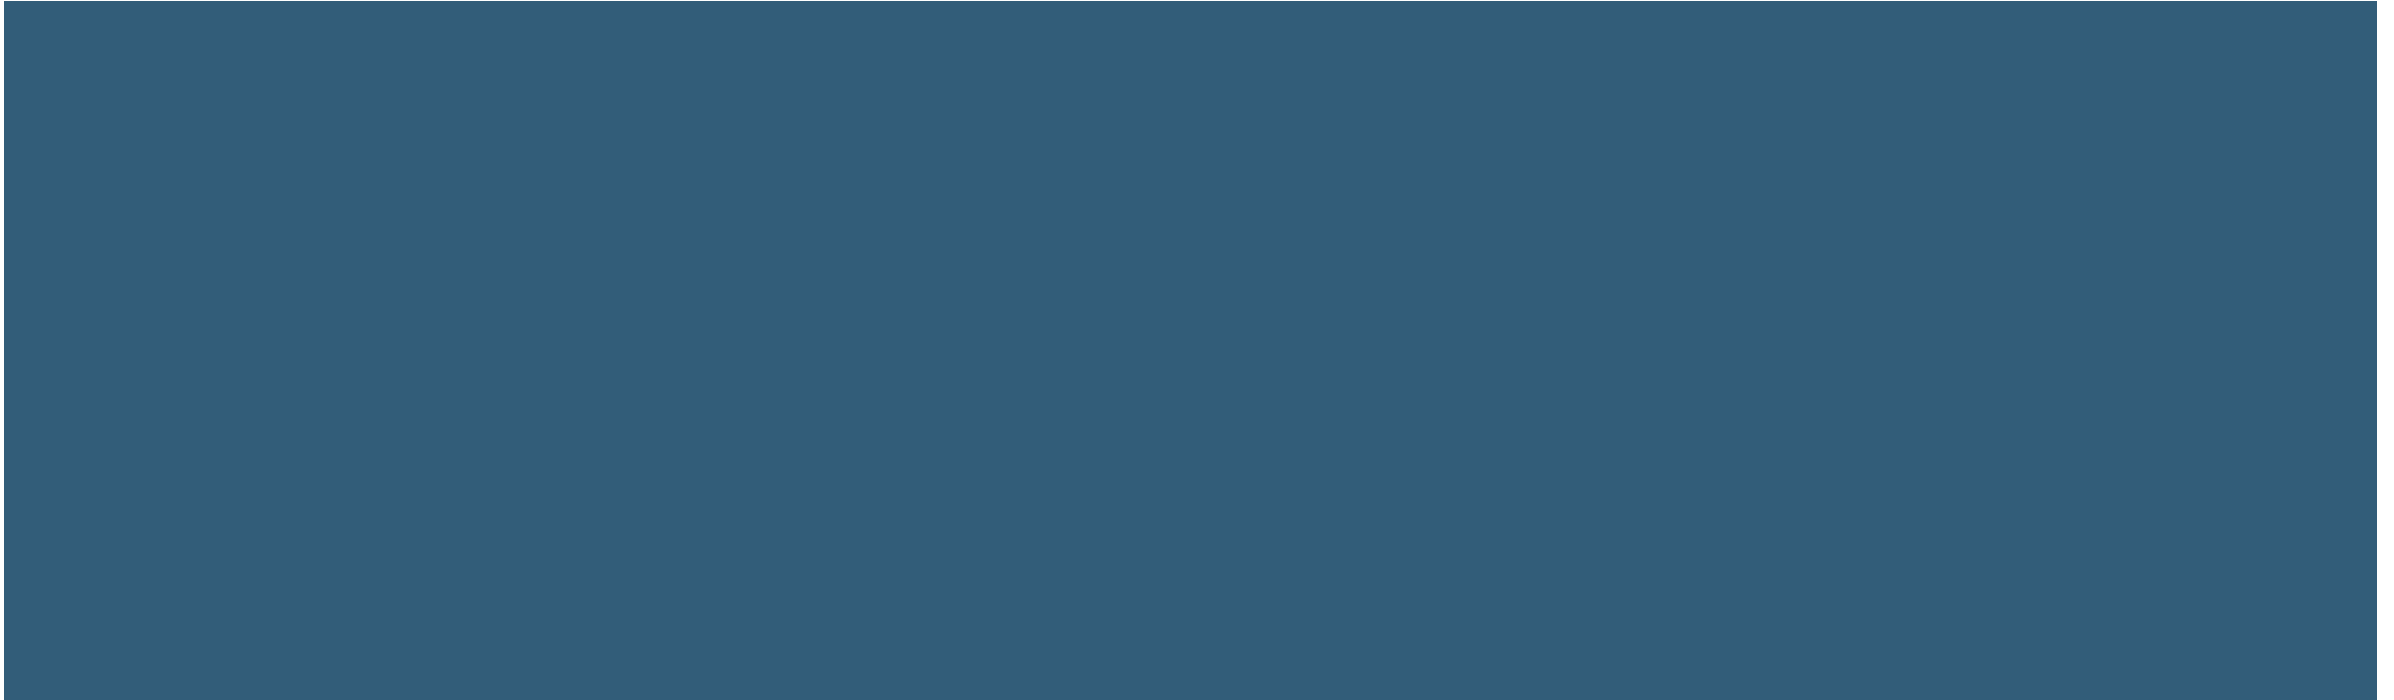

DETAILED ANALYSIS WILL BE PROVIDED IN THE FULL REPORT

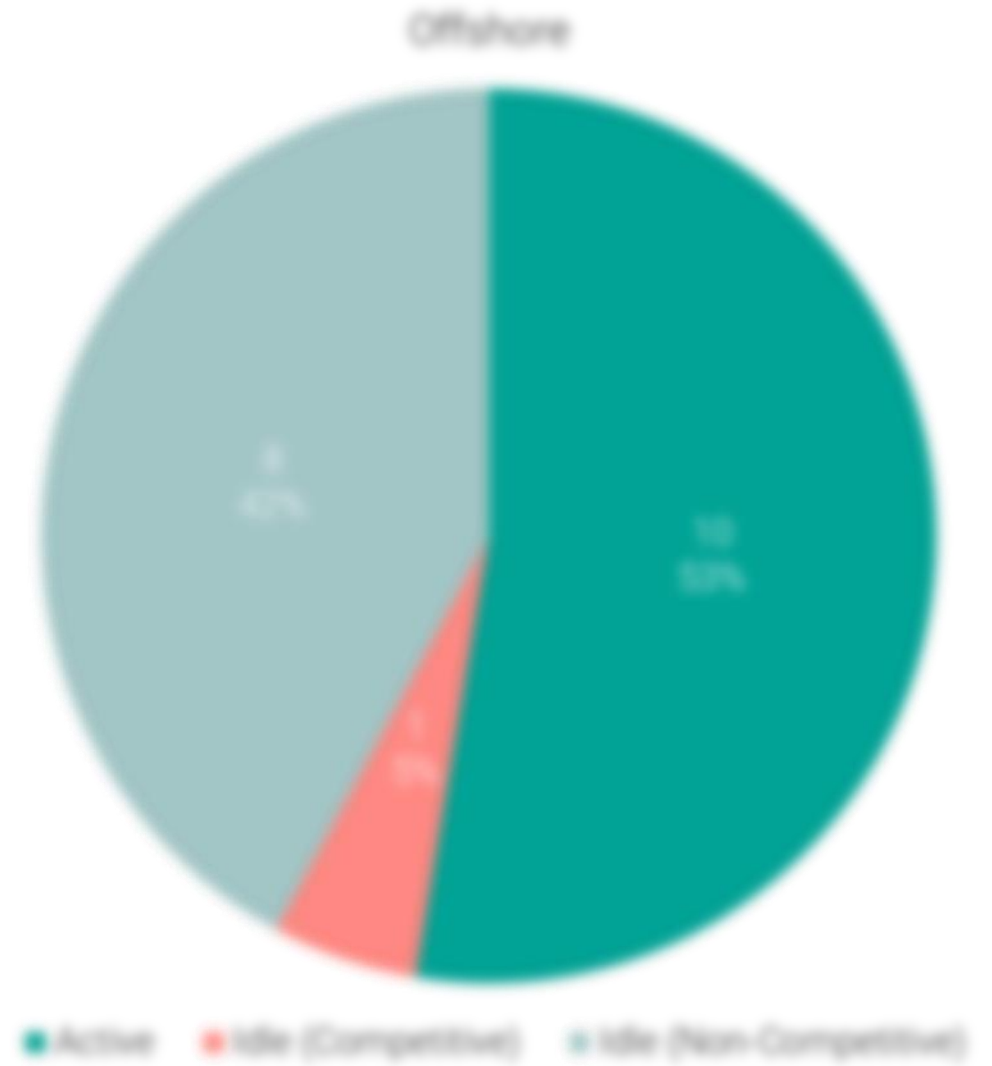

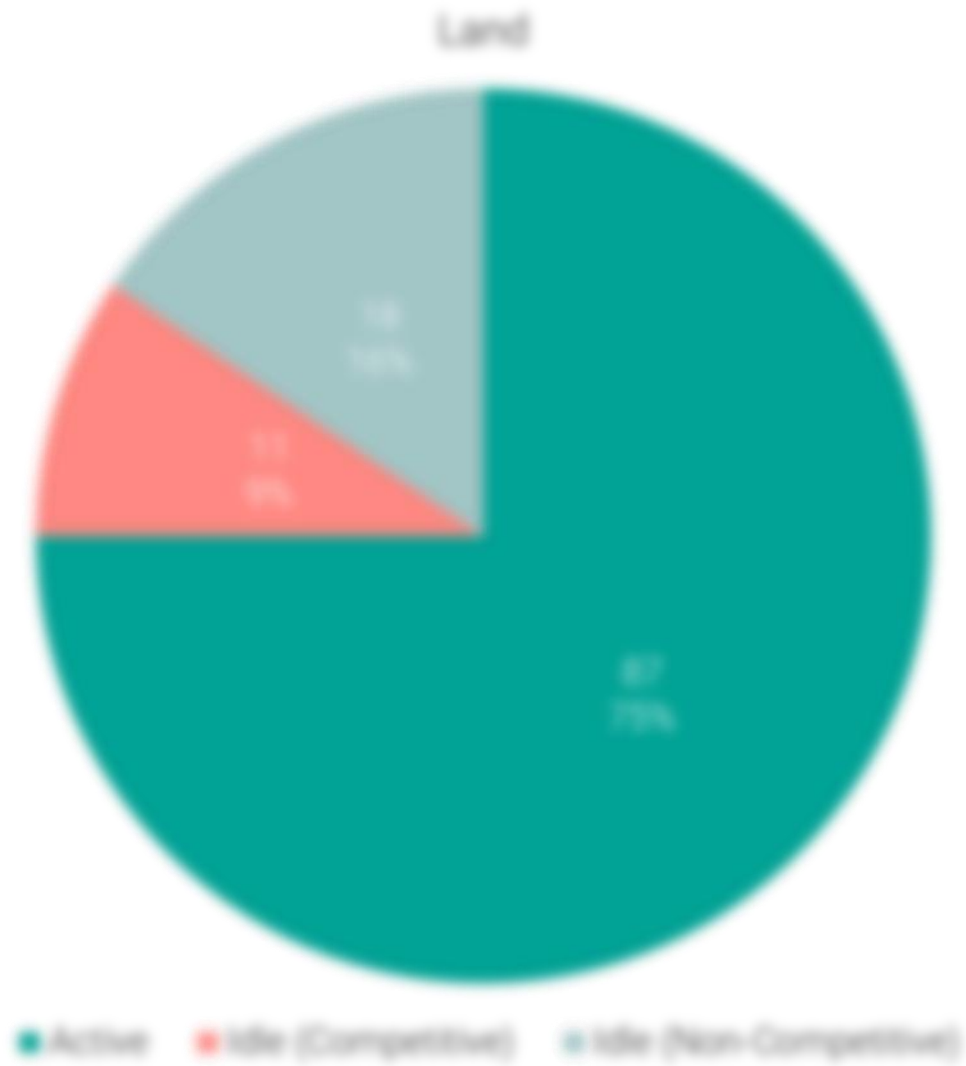

The competitive utilization rate is calculated based on the rigs' activity to show the industry's status. Hence, the idle rigs with a contract in place are not considered active. Just rigs with technical feasibility, are considered.

Rigs Update
